ABOUT US

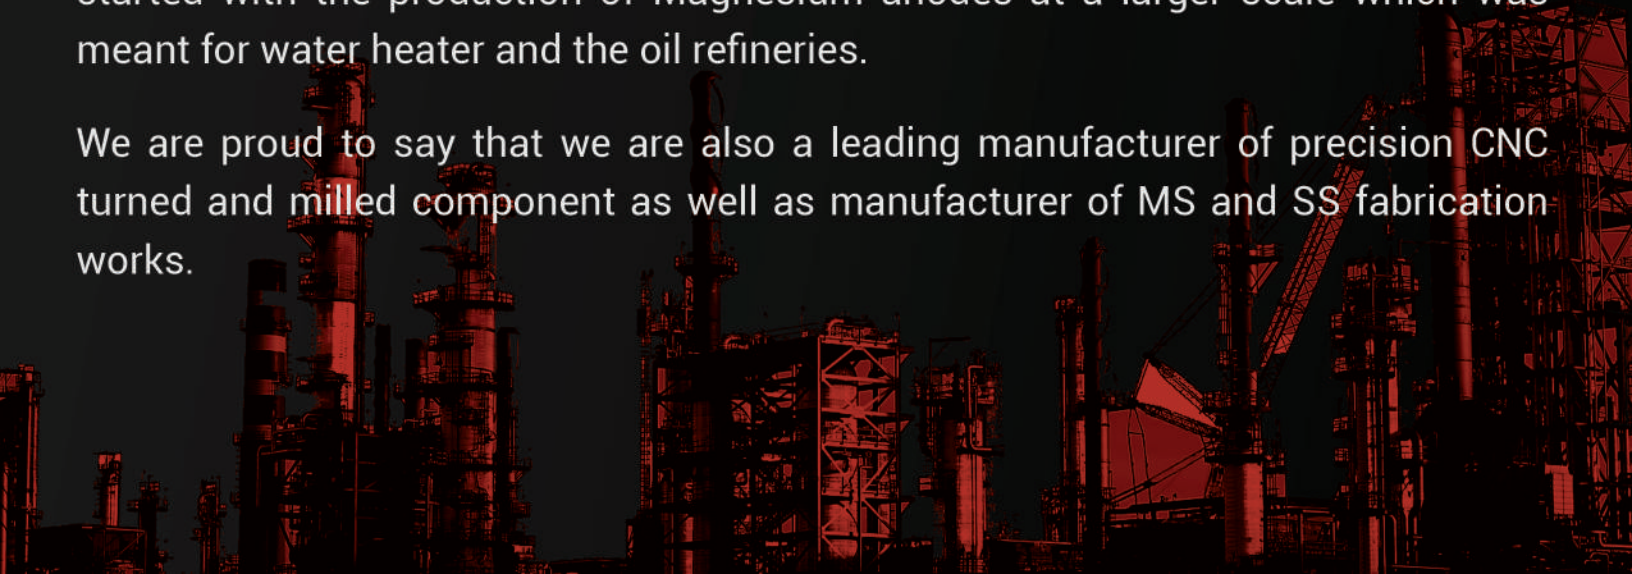

Welcome to Farmex India. We believe in achieving high performance and success in our objective to provide the best quality products to our clients. We are the choice for customers and to keep this momentum continuing, we innovate through the value chain so that we always remain to be the reliable industry leader and partner.

To produce Magnesium and Aluminium Die Casting and precision Machining Products, we create a set of blueprints. These blueprints serve as a map to us and tell us the exact process of developing products – which parts to build first, what goes where and in what quantity. We are proud to have multiple products that act as a centrefold of our business. We care for our clients and believe in offering best products that can help them and be of service to them. We also prefer to provide a detailed information about our products or questions you have about the use of our Magnesium and die-casting products.

THE HISTORY

Incepted in the year 1984 with a turnover 4 lakhs only under the leadership of Qualified (MD) (AMIE/Mech. Engg) with starting of Ferrous and Non-ferrous castings. Later, he initiated the development of the Magnesium Alloy castings and Forging for the defence sector. In the end of 1990, the company was able to develop various magnesium alloys in the form of sand castings, Gravity die castings, pressure die castings, Magnesium alloy forgings and so on. The company also started with the production of Magnesium anodes at a larger scale which was meant for water heater and the oil refineries.

We are proud to say that we are also a leading manufacturer of precision CNC turned and milled component as well as manufacturer of MS and SS fabrication works.

OUR MACHINERY

MACHINING

VERTICAL MILLING CENTER MACHINE

PRESSURE DIE CASTING MACHINE

CNC LATHE MACHINE

VMC MACHINE

OUR PRODUCTS

MAGNESIUM ALLOY MACHINED HOUSING FOR KEY LOCK

MAGNESIUM ALLOY PRESSURE DIE CASTING FOR STEERING

MAGNESIUM ALLOY PRESSURE DIE CASTING FOR COVER

MAGNESIUM ANODE FOR WATER AND SOLAR SYSTEM

MAGNESIUM ANODE FOR REFINERIES

PRESSURE DIE CASTING FOR MONOCULAR BODY

MAGNESIUM ALLOY PRESSURE DIE CASTING FOR HOUSING

MAGNESIUM ALLOY SAND CASTING FOR ELECTRO DYNAMIC VIBRATION SYSTEM

MAGNESIUM ANODE FOR REFINERIES
